

Transporting discerning diners from the cosmopolitan streets of London, directly to the shores of the Arabian Gulf, the London Social Brunch showcases the diverse gastronomic excellence of England's most vibrant city. From the spices of Brick Lane and the Arabesque charm of Edgware Road, to the vibrant stalls of Little Italy and foodie paradise Borough Market, to the fusion delights found in Soho, London Social combines the best of London. A tour of the Big Smoke would not be complete without a nod to Britain's favorite pub classics, roasts and puddings, alongside Mr. Whippy ice cream accompanied with classic pick and mix favorites.

Family style starters provide the perfect precursor, whilst mains are cooked to order from live cooking stations. A diverse selection crafted by talented chefs is available including crispy duck pancakes, mixed grill platters, fish 'n' chips and butter chicken, to name just a few. Ladies and Gentlemen are urged to leave room for delicacies from the Cheese Monger and Pudding Lane!

Food is a combination of family style, table plated and live stations.
