THE SACRED RIVER SPA

THE SACRED RIVER SPA

Ensnconced in thick jungle along the raging Ayung River, The Sacred River Spa at Sayan transports you to Bali's *sekala* and *niskala* — the seen and unseen worlds. It's a land of mysterious parallels between these two worlds, where ceremonies take place regularly to honor both.

Drawing on this mystical atmosphere, the spa works to bring you into alignment by integrating spiritual massage with rituals. The aim is to bring balance by fostering greater awareness.

Expect to be guided through a Kriya yoga, meditation and breathing session before a massage treatment, or have an amethyst crystal placed in your hand throughout a service. Rituals such as these allow for personal unblocking and create a new energy pathway. These are one-of-a-kind treatments in a stunning backdrop.

The fragrance of sandalwood and jasmine, the feel of two soothing oils and the sound of the flowing river combine to make you simply float off to another place.

Opening hours :

Main Spa : 09:00 am to 10:00 pm

Spa Villas : 11:00 am to 07:00 pm

PRIVATE RAFTING DISCOVERY

Marvel at the natural beauty of the sacred Ayung River and gain insights into Bali's vibrant culture along the way with our guided rafting experience.

Your private tour starts with a 30-minute scenic drive from the resort through timeless rice farming villages to the departure point, at the bottom of a majestic gorge. Paddle at a leisurely pace through the gentle waters as your knowledgeable guide explains the importance of the Ayung and its role in Bali's rice farming traditions - in particular the UNESCO-listed subak irrigation system that distributes water across the entire island using ancient sustainable engineering.

Enjoy the scenic journey through the river valley's wilderness dotted with virgin jungle, rice terraces and towering trees, and keep an eye out for local wildlife. Those feeling more adventurous can even hop out of the raft and float down a quiet stretch of the river through a natural tunnel formed by trees overhead. Stop for a break at a shrine beside a holy spring, for a simple water purification ritual and offering. Finally, you will make a riverside landing directly at Four Seasons Sayan, exhilarated as you receive a warm welcome back 'home'.

Duration : 2 – 3 hours (Depart from the hotels between 9 AM – 2 PM).

Price : IDR 3,400,000 ++ for 2 persons, including transport.
