

THE ELIXIR CLINIC

THE ELIXIR CLINIC AT FIVE

FIVE has partnered with The Elixir Clinic to offer its renowned nutrient packed IV infusions and booster shots to help guests rejuvenate and enhance wellbeing in the comfort of their room, suites and residences.

Established in 2013 in London's medical district, The Elixir Clinic is an international wellness clinic recognised as market leaders in intravenous therapy with a presence across Europe, the Middle East and Asia.

The Elixir Clinic's VitaDrip® infusions are a unique blend of essential nutrients brilliantly formulated to hydrate, enhance energy, strengthen the immune system, support anti-aging, while promoting detox, recovery and overall well being.

VITADRIP® BENEFITS

100% ABSORPTION

Our bodies absorb 10 to 30% of vitamins contained in oral supplements; with the intravenous or intramuscular route, absorption is 100% as it's delivered directly into the bloodstream.

HIGH BIOAVAILABILITY

VitaDrip® infusions & booster shots provide 100% bioavailability as it bypasses the gastrointestinal tract allowing for full absorption of the nutrients.

BESPOKE

All treatments and programs are customised to meet the needs and goals of our clients upon consultation and medical history review.

NATURAL & SAFE

Treatments are administered under authorisation of a practitioner after a full health assessment. VitaDrip® infusions contain vitamins, minerals and amino acids, all classified as 'essential nutrients' that are vital for our well-being.

FAST & EFFECTIVE

Booster shots take just seconds while a VitaDrip® takes an average of 45-60 minutes. Clients may notice effects immediately.

VITADRIP® INFUSIONS

IV nutrient therapy is performed by delivering a blend of essential nutrients directly into the bloodstream—providing 100% absorption. VitaDrip® infusions are aimed at rejuvenation, prevention and long-term wellbeing.
