LIMITED
EDITION

| THE COLLECTION

Hello there...

So what's Virgin Limited Edition all about? When you refer to something that's a 'limited edition', it normally implies a kind of extraordinary, rare quality, usually offering something better, exclusive or more desirable... well, that's exactly what we do. My very special collection of retreats embodies all these values, providing unsurpassed friendly service, a high quality product, value for money, and of course, fun! We have a private island, luxury villas, mountain lodge, game reserve, vineyard, kasbah and a tented camp. Eclectic, yes – but all these little gems have a shared thread... they are all unique and operate with the sole aim of creating amazing experiences for you, our guests, whether it's for a holiday, on business, a celebration or just a great night out. I sincerely hope you'll be able to visit some of these amazing places and share the experience with your friends and loved ones.

Pride 'n Purpose is Ulusaba's charitable arm committed to helping disadvantaged communities living adjacent to the Sabi Sand Reserve. Originally established in 2003 by members of the Ulusaba family, all the charity's running expenses are covered by Virgin Unite and Virgin Limited Edition, so 100% of donations go directly toward much needed projects. Our philosophy is that people are most effectively helped if they are empowered to help themselves, so the emphasis is most definitely on sustainable initiatives. We estimate that Pride 'n Purpose now benefits over 40,000 people across seven communities.

Kasbah Tamadot and Virgin Unite (the Virgin Group's entrepreneurial foundation) work hand in hand to improve living standards in the communities around the property in Morocco's Atlas Mountains. This effort is spearheaded by Eve Branson, known to us as Richard's mum! The Eve Branson Foundation aims to help the local people in the long term by setting up sustainable enterprises which so far have included a carpet workshop and several craft houses run and managed by local ladies.

Pack for a Purpose aims to positively impact communities around the world by helping travellers who want to take meaningful contributions to the destinations they visit.

Travellers are asked to create just a few kilos of space in their suitcases for much-needed supplies for community projects all around the world. The supply lists are provided by the local community-based projects that receive and use the supplies, so that travellers take items that meet their needs.
